CALIFORNIA DEPARTMENT OF CORRECTIONS AND REHABILITATION- RICHARD J. DONOVAN CORRECTIONAL FACILITY, SAN DIEGO, CA
Unlicensed Clinical Psychologist, September 2019 – June 2022
Licensed Clinical Psychologist June 2022 – Present

Richard J. Donovan Correctional Facility (RJDCF) is a forensic facility that houses minimum to maximum custody levels of male inmates. The facility can accommodate the special needs for inmates such as high-risk medical, problems associated with HIV and substance use, and inmates with severe mental illness.

- Provide therapy, and crisis interventions to inmates admitted to the Administrative Segregation Unit (ASU)
- Assess inmates to decide if they have impairments and should be placed in the Mental Health Delivery System
- Carry a caseload of anywhere between 11 and 25 patients
- Complete weekly Suicide Risk Assessments and Mental Health Evaluations/ Psychosocial assessments by providing a diagnosis and determining chronic and acute risk factors
- Serve as the team leader for treatment planning as a member of a multi-disciplinary treatment team which includes the treating physician, psychiatrist, registered nurse, recreational therapist, and correctional counselor
- Assist custody (Warden, Associate Wardens, Captains, and Custody Counselors) in Institutional Classification Committees to assess current functioning of inmate mental health and cognitive abilities
- Conduct weekly mental health groups for inmates with mental health impairments
- Conduct a morning and afternoon huddle with sergeant, psych tech on duty and mental health escort officer to discuss new admissions, a crisis that occurred and/or daily updates on patients that pertain to ASU
- Unit lead secondary to ASU Supervisor, which included clinical duties such as triaging, managing a treatment team of six to seven clinicians, organizing, and conducting clinical meetings with staff and custody staff, delegating coverage as needed, conducting patient movement in and out of the unit, and other administrative duties
- Provide crisis interventions to inmates in the Mental Health Delivery System and assess if they are a danger to themselves, others or gravely disabled
- Complete Mental Health Rule Violation Report Assessments to determine if mental illness played a role in an inmate's disciplinary offense

VORWERK FORENSIC PSYCHOLOGY INC.

Forensic Report Writing Assistant, May 2019 – September 2022

- Training alongside a licensed forensic psychologist who conducts forensic evaluations
- Receive structured guidance from supervisor on how to formulate reports and answer referral questions pertaining to the criteria
- Conduct extensive record reviews, summarize records, and complete research and review of the literature to answer the referral question
- Work collaboratively with supervisor to assess cognitive, behavioral, emotional, and personality functioning, along with assessment of other factors related to the evaluation. Also, prepare reports on findings
- Increase familiarity with the inner workings of the Department of State Hospitals and the California Department of Corrections and Rehabilitation
- Provided training on various areas of forensic practice

Presentations

IDENTIFYING & INTERVIEWING CLIENTS WITH MENTAL DISORDERS

Co-presenters Dr. Vorwerk & Dr. Vickerman
April 2024

Provided a three-hour training to the Orange County Public Defender's office on the specialty of forensic psychology, how it applies to the legal system and how to interview individuals with mental health disorders within the criminal justice system.

NOT GUILTY BY REASON OF INSANITY AND RVR ASSESSMENTS

Co-presenter Dr. Morehead, February, and May 2019

Provided a three-hour training to mental health clinicians at California Institution for Men and California Institution for Women on the history and legal ramifications of not guilty by reason of insanity and how it related to rule violation report (RVR) assessments in the prison system. Dr. Morehead presented to mental health clinicians on how to conduct an RVR assessment of inmates.
